

## How to apply for a Carbon Reduction Grant

If you are thinking of installing gas to your home and would like to apply for a Carbon Reduction Grant, see below step-by-step guide on how to apply.

1. Households contact their Gas Network Operator (GNO- Phoenix) to enquire about connection to their home/area. (You can also check via this link to see if gas is already in your neighbourhood.) [Gas availability](#)
2. If gas is available in your area, an Energy Advisor appointment is booked with the household applicant.
3. Applicant agrees to connect to the Gas Network and receives further information on the carbon reduction grant and the connection process.
4. Applicant can request a hard copy of the Grant application form to be mailed out by post, emailed to them or they can apply via this [link](#).
5. Applicant completes the form and either returns via post or uploads their verification documents via this [link](#).
6. If applicant is successful, Action Renewables will issue an income verification code via email or letter within 4-6 weeks.
7. Gas Network Operator confirms a connection date with applicant.
8. Applicant chooses a registered [Gas Safe installer](#).
9. Applicant submits their verification code to Gas Network Operator and receives grant payment.

The application form can be completed via the link below, or by emailing: [grants@actionrenewables.co.uk](mailto:grants@actionrenewables.co.uk) Consumers can also call the dedicated phone line on **02895 901180**. Apply before 30th November 2024.
